### ENGINEERING OBSERVATIONS.

Professor Davidson's Scientific Mis-  
sion and Inspection of the Irrigat-  
ing Systems of India, Egypt and  
Italy.

[From the San Francisco Bulletin.]

Professor George B. Davidson, of the  
United States Coast Survey and Presi-  
dent of the California Academy of  
Sciences, left this city nearly a year  
ago, with the chief object of superin-  
tending the observations of the transit  
of Venus from the Japan station, and  
subsequently to inspect the great sys-  
tems of irrigation in the Old World,  
with reference to improved irrigation  
in this State. Professor Davidson had  
reached Turin, Italy, when last heard  
from, and a letter just received from  
him by a friend in this city, dated at  
Turin, July 11th, will be read with in-  
terest. After speaking of two months  
delay in his travels, in consequence of  
the illness of Mrs. Davidson in Japan  
and unexpected detention in India, the  
Professor writes:

In India I traveled over 3,800 miles  
and examined several of the great  
schemes of irrigation, where the works  
were in various stages of progress as  
well as complete. It is marvelous  
what they have done, as well as what  
they have projected; and I feel that by  
this personal examination of the de-  
tails and a careful study of the great  
projects, I have gathered a vast amount  
of information useful to our needs of  
irrigation from 100 deg. meridian to  
the Pacific. Every facility and assist-  
ance was afforded me by the Viceroy  
and the Royal engineers who have  
charge of the different works. I had  
no reason to think that any infor-  
mation was withheld. On the contrary,  
I had been two months earlier, I would  
have been shown all the works of the  
Southern and Eastern coasts toward  
Madras, and some of the inundation  
works near Lahore. But from those I  
visited I gathered all that was abso-  
lutely necessary to comprehend their  
works beyond the dry outlines of the  
books.

In Egypt I traveled 1,250 miles and  
gave up 38 days to examining the  
Suez Canal and the inundation work  
of Egypt. At the request of General  
Stone, I extended my inquiries far up  
the Nile, and wrote him a long letter  
expressing my views of the best sys-  
tem for that country. He expressed  
himself greatly pleased therewith, and  
perhaps more especially as it was in  
conflict with the (English) Fowler  
scheme, which proposed to turn the  
whole Nile out of its bed and \$35,000,  
000 out of the Khedive's treasury.  
The English project would swamp the  
nation financially, and perhaps agri-  
culturally, every few years. My  
project will be placed, word for word,  
before the Khedive, and I am not afraid  
to have it criticised severely as an en-  
gineering and commercial project.

To-morrow I visit the great "Cavour  
Canal," that irrigates the greater part  
of Lombardy, and with some of the  
Italian engineers I examine the works  
at Chivasso, Lalluggia and Merelli.  
Afterward I shall examine the great  
pumping works near Ferrara, for  
drainage, etc. All this work has  
given me little time for sight-seeing,  
and I see a vast amount of work yet to  
be done before I cross the Atlantic.  
But I cannot lose this opportunity of  
learning from actual works what may  
be of value to our citizens of the Pa-  
cific Coast. I have got over 22,000 miles  
of land and water since I left San  
Francisco, and will cover about 13,000  
more before returning.

Yours, very sincerely,  
GEORGE DAVIDSON.

On Tuesday morning the residence  
of Davis Burns at East Petaluma was  
burned. Loss, \$1,000. Insurance,  
\$450.

## Los Angeles Herald

J. M. BASSETT, - Editor and Manager.

**THE DAILY AND WEEKLY HERALD** has more than double the circulation of any other paper published in Southern California. Business men recognize it accordingly as the best advertising medium South of San Francisco.

WEDNESDAY, AUGUST 25, 1875.

The Daily Democrat, a campaign paper of red hot proclivities will make its appearance to-day.

THOMAS FINDLEY, defeated candidate for Governor, is stump Nevada county for the Democratic ticket.

When Judge Thompson was nominated, there were four voters in this city who said they would support him. Yesterday two of them seceded and went over to WIGGINTON.

An anxious voter desires to know if BIDWELL in case of election will keep his promises to the people as well or rather as ill as he did the promises to the little orphans?

The Express denies that it is run with the money of P. F. TEMPLE and JOHN P. JONES. That's all right. No one expects it to acknowledge the fact but the fact exists nevertheless.

The cry of the Federal office ring is "Give us HOUGHTON and TEMPLE, Trade off everything in the ticket for these two candidates. We don't care for the remainder of the ticket. The Republican party must be preserved."

Mrs. NORTON, of Santa Barbara county, who is supposed to have aided and abetted COTTON in the murder of her husband has been found guilty of murder in the first degree and will be sent to the State Prison for life.

An exchange says BIDWELL is gaining ground. He gained some 23,000 acres of the people's ground some years ago for which he did not pay, but we don't think the old gentleman is gaining much political ground now.

In our estimate made some time ago on the vote for Congressman in this district, we gave HOUGHTON 250 majority in Santa Barbara county and 50 majority in Ventura county. Now comes the Santa Barbara Index with the assurance that those two counties will give Mr. WIGGINTON a handsome majority.

This is the way the Democrat, YOUNG was pulled off the Independent ticket, so called, and the Republican STANLEY placed on it. We have before us a postal card notice to one of the delegates that a meeting would be held on the 20th of August, but the card bears the Post Office date of August 21st. That delegate could not be present on that notification.

THE HERALD's readers who do not admire politics will bear with us yet a few days. The election is near at hand and when the good of the country no longer requires a persistent stirring of the filthy pool, we shall once more apply ourselves to the mission of the HERALD—that of pointing out the resources and aiding in the development of Southern California.

As the result of our enterprise, we find that the people are much more interested in the conductors of a daily journal. East—published in a town the size of Los Angeles. We gave the intelligence from Philadelphia, some time ago, that the bayonet cactus had been manufactured into an excellent quality of paper. It is a fortunate thing that this is so, for otherwise there is almost danger that the paper market would prove unequal to the demand, considering the rapidly growing consumption of the paper in California, arising from a development of the daily and weekly press utterly without precedent.

Thank God for the bayonet cactus. Only that prevents the TEMPLE and BRIERLY edition of the Express exhausting the supply of newspaper.

In our columns this morning will be found something of interest from Judge LINDLEY on the subject of squirrels. How to get rid of the rodent pest is a matter to which the Representatives of Los Angeles as well as a number of other counties must sooner or later give their attention and the Judge believes the time has arrived when that attention is required. We are not prepared nor is the Judge to advocate any special plan or system for killing off the squirrels. The subject should be discussed by individuals and journals and from the ideas and suggestions of the many we may hit upon something practical and efficient.

The Ventura Signal is not much enamored of Mr. HOUGHTON. His speech at Ventura disappointed his friends and lost him many votes. He stood on the defensive from the first to the last word of his address and labored to apologise for his many short comings while in Congress. The Signal says:

"His defense of the salary act did not strike us very ingenious; but it is due to Mr. Houghton to say that he received but a trifle more under the new act than he would under the old. He said he was elected with an implied promise that he should stand by his pledge. We understood he made this statement in the nature of an apology for his vote on the Force bill and other party measures. We are sorry that Mr. H. is not made of sterner stuff, and that he feels that he must be controlled by a party rather than his own sense of duty. Perhaps with a more independent constituency behind him, he will have more backbone—be more of a man and less a partisan."

The Chinese had a grand festival last night. Candles, fire-crackers and prayers were burned with perfect recklessness.

### Questions for Houghton.

Mr. HOUGHTON or any of his friends will please answer these questions: Did you vote for and pocket the salary grab and pay-back steal? Did you vote for that infamous measure, the Civil Right's Bill? Did you vote for the cession of Goat Island to the Railway Company?

Oh second thought, however, we remember that Mr. HOUGHTON has answered all these questions in the affirmative and reluctantly admitted that he is guilty of every charge therein contained. More than this he voted to increase the tax on grape brandy, an act which takes thousands of dollars annually from the pockets of the vineyardists of Southern California. He introduced and sought to secure the passage of a bill which would have delayed, for several years, railroad communication between this city and San Francisco and changed the route of the Southern Pacific road so that it would run many miles East of this city. He is a political fraud and the tool of corporations. He is the creature of STANFORD & Co., and is trying to delude the followers of TOM SCOTT into the belief that he is their friend. He has proved himself a traitor to his constituents and is no longer entitled to the confidence of the people.

### Express Line Extension.

Mr. CHAS. H. WELLS, son of Mr. WELLS of Wells Fargo & Co., passed through this city some ten weeks ago on his way to Arizona and New Mexico, whither he went for the purpose of establishing an express line extending from San Diego to the interior. He returned to this city last Friday and left on the Orizaba for San Francisco on Saturday. He has opened two lines of express, one going by way of Yuma through the Penal mountains by way of Tucson to Silver City. The Northern route is by way of Prescott, Hardyville and Phoenix. The new line is in fact a branch of WELLS FARGO & Co's express though it will be known as the California, Arizona and New Mexico Express Company. It is the purpose of the company to run weekly, tri-weekly or daily as the business will warrant. The wagons for stocking the route are now on their way out from the East and Mr. WELLS has gone to San Francisco for the purpose of employing agents and messengers. The inaugurator of this Express Company—Mr. WELLS—has been connected with the old and popular company at the head of which stands his father, from his boyhood days, and he is familiar with every branch and department of the business. He is confident that the new enterprise in which he has just engaged will prove a financial success and materially aid in the settlement and development of the rich and extensive country over which his routes extend.

### THE SQUIREL PEST.

Judge Chas. Lindley has written the following letter to one of the editors of the Contra Costa Gazette in response to a letter from that gentleman requesting the Judge's opinion of the squirrel law of Contra Costa county:

To Chas. B. Porter, of the Contra Costa Gazette:

DEAR SIR: Your letter and various numbers of the Contra Costa Gazette and a copy of your squirrel law came duly to hand. I regret that I have been so much in ignorance as to your local law and your efforts to exterminate the pests in your county and Alameda. The evil is great and must be met by effective remedies. The experience of your people ought to furnish the best evidence as to the efficiency of your local law. If it is a success, then let it be extended to the other counties of the State. If it fails, let it be abandoned. I have no doubt of its existence and of the efforts to put it in operation. I should never have published my draft of an act for your local act, and especially as to its efficiency in execution. I am not wedded to my own rough draft nor to any particular plan. I only desire to see an efficient general law upon the subject. Upon the mere reading of your law, it appears to me that there are too many conditions, uncertainties and complications about it to admit of efficient execution; but if the squirrels were ear-marked and branded, and known to belong to a particular man's farm, and had no migratory habits, then it would be practicable to hold him to the duty of destroying them and make it a penal offense if he did not.

Experiences under your law may demonstrate that these appearances are not real obstacles. The advantages I had in my mind pertaining to the plan of turning out all able-bodied citizens five or six days in the year, consisted in the training of the people for this work.

I observe by your paper that your people are depending much upon voluntary associations to accomplish the same ends, and assist in executing the law which would probably be a dead letter without such assistance. The object in levying tax by school districts as expressed in my draft was to make the vacant lands pay for killing the squirrels they produce. The tax would be light if the plan of turning out the people to do the killing, were adopted.

Upon the subject of a special lien on the land provided for in your law for the expenses of a Squirrel Inspector, concerning which you ask my opinion, I can only say that I have no objection to the plan, but I do not see the facilities at hand to make the necessary examination, as a predicate for a satisfactory opinion. At first glance it seems to me that the demand must first go to judgment for an ascertained amount on a claim, which must be considered in the nature of a penalty for non-performance of a public duty which the law enjoins. The lien as in other cases would date from the judgment and would be general rather than special.

Your law falls this liability a debt. Strictly speaking it requires the con-

sent of a debtor and creditor to create a debt. When a penalty in the way of a fine has been adjudged against a person by a court or a competent jurisdiction it then becomes a debt. A person cannot be divested of his property without his consent except by due process of law. Your squirrel process may be a "due process." It is at all events a novel process that will require not only one but several "test cases" to ascertain its full meaning. Before it is extended to the other counties, allowing its theories to be right, it needs to be thoroughly reconstructed, so as to give it greater brevity, certainty, directness and efficiency.

Respectfully, CHAS. LINDLEY.

San Francisco News.

SAN FRANCISCO, Aug. 25.—A man named Lawrence was shot and probably fatally wounded by a Chinaman, on Labos avenue, last evening. According to the story of the Chinaman, who is now confined in the City Prison, he was coming along the road when Lawrence came up and demanded his money. The Chinaman started to run, Lawrence clenched him, and in the struggle which ensued the Chinaman shot him. Lawrence was taken to St. Mary's Hospital, where he lies in a critical condition. The Chinaman is a domestic in the employ of Z. Wilson, a well known lobbyist. He came home after the shooting and told his story. Wilson says he is a quiet, peaceable fellow, and believes his account of the transaction to be correct. The Board of Supervisors made an important order last night, in accordance with legal provisions, appointing two commissioners to ascertain the fire and water rates to be charged by the Spring Valley Water Company. D. C. McKuer and Judge Cowley were appointed.

SAN FRANCISCO, August 24th.—The Case of Richardson, the defaulting bookkeeper of Linforth, Kellogg & Co., came up in the police court today. The prisoner was held to answer in the sum of ten thousand dollars in each of the four counts.

The court of inquiry in the case of the ship Bremen, which arrived here a few days ago, with all the hands down with the scurvy, convenes this afternoon. In a casual interview with an officer of the Bremen, he stated, in reply to a question, that several of the men who had been taken to the hospital, had returned on board, and that nothing but laziness ailed any of them.

The Republican Municipal Convention last evening made the following municipal selections: For Mayor, Chas. Clayton; for Chief of Police, Henry H. Ellis; for County Clerk, L. T. Seander; for Sheriff, Wm. McKibben; for Tax Collector, Jacob F. Miller; for City and County Attorney, W. C. Burnett; District Attorney, D. J. Murphy.

The Democratic Convention of Twenty met last night. H. H. Ellis was nominated for Chief of Police; David S. Cook for Joint Senator from San Francisco and San Mateo counties, and Thomas H. Reynolds for County Clerk.

Quite a number of rumors are flying about the city this afternoon relative to alleged whisky frauds made by an agent of the Government as to sins of omission and commission by distillers and revenue agents in this city. The facts so far ascertained are about as follows: A short time ago Commissioner Pratt, with the assent and advice of Secretary Britton, detailed the Collector of Internal Revenue at Savannah, Ga., to come quietly to this city and investigate certain matters. This Collector (Mr. Clark) was selected on account of his well known ability and honesty, and he was instructed to proceed at once to this city, where transcripts of official returns and other papers would be furnished him. On arriving here his first discovery was that the returns made to Washington did not agree with the books here, from which they purported to have been taken. Mr. Clark has been steadily at work trying to find where the delinquency, if any there was, lay. To-day it is said that Mr. Mullen, store-keeper of the celebrated Antioch distiller, has been suspended, and that a discrepancy of 100,000 gallons in one month has been detected in the accounts of another distillery. Mr. Clark was too busy to be seen to-day, but doubtless more will be shown in a few days.

Chinaman Killed.

SAN LUIS OBISPO, August 23d.—Last evening a Chinaman was shot and killed, while sitting in a China doctor's shop. The shot passed through the jugular vein, severing it. This is the third attempt at his life within four months. A bitter feud has existed between him and other Chinese for some years. He cut off his hair a long time ago, which brought upon him the wrath of his countrymen and the feud increased with years. He was married to a Chinese woman. Two Chinamen who are suspected of the murder are under arrest.

Man Drowned.

SACRAMENTO, August 23d.—A young man named E. Rockstroff, a laborer, was drowned yesterday near this place. The body was recovered.

Prospecting Near Carson.

CARSON, August 23d.—Considerable prospecting is now going on in the hills West of this city. The indications are good, and the prospects of Carson are looking up.

### THE AMATEUR INTERNATIONAL REGATTA AT SARATOGA.

### EASTERN NEWS.

The Regatta.

SARATOGA, August 24th.—The International Amateur Regatta opened this morning with fine weather. Over 4,000 persons were on the ground to witness the contest for the single scull championship. There were four contestants. The signal for the start was given at 11:20. Commodore Courtney took the lead, with Riley next and Maxwell following in the rear, all pulling easily. These positions were kept up for the first mile, when Riley gained and continued to do so, coming in winner by four lengths, Tropp second, Mann third, Robinson fourth. The second race, for the junior single scull championship, was started at 12:10 P. M., with four contestants. Irwin drew out at the start, but Lathrop took the lead, pulling steadily. Riley turned the stake, gaining two lengths; Lathrop second, Robinson third, Mann fourth. Riley then began to draw away from Lathrop and pulled ahead, but Lathrop turned the mile stake first, with Riley second. Courtney led Riley about two lengths on the third half mile and won the race by about four lengths, easily. Time, thirteen minutes and nine seconds. Riley was second in fourteen minutes, McCormick third, Treadwell fourth, Roach fifth, Irwin sixth, all pulling easily.

CONDENSED TELEGRAMS.

The appointments of the First Assistant Postmaster General will be made from New England. General Pierpont resumed his official duties to-day.

The attempted assassination of Miller, the U. S. Gauger in Chicago, from facts which came to light, is believed to have been instigated by the distillers, against whom Miller had damaging testimony. It is, however, no positive evidence implicating the distillers.

A dispatch from London says the Porte has written to Austria and Germany, threatening them for their offices in the Herzegovinian affair.

A Washington special says there is to be a new deal in the Chicago Custom House muddle. So much influence has been brought to bear upon the President and Secretary Bristow, that they have jointly decided upon the appointment of a new Commissioner, large enough to contain the prominent engineers, architects and builders of the country, to secure a final report in this matter, which must end the controversies on this subject.

A Yankton dispatch dated the 24th inst. says:

C. L. Allen, the leader of numerous parties that left here this Spring for the Black Hills, returned to Yankton overland last night, nine days from Stonewall City. He is here for the purpose of filing the plat of Stonewall City for record and the purchase of provisions. Mr. Allen gives the most flattering reports of the diggings in that country, and says the miners working with the pan make from \$2 to \$5 daily, with the rocker, \$8 to \$10 per day, and working with sluices, still more. He has some very fine specimens of placer gold and quite a quantity of it. He says the country is full of quartz rock that has every indication of being rich in gold.

The Secretary of the Treasury has rendered the following decision in reference to the five-twentieths of 1865, May and November, and the five-twentieths of 1865, January and July: "The books and records of the Department show that the five-twentieths of 1865, May and November, known as old sixty-fives, were the first of these two loans issued, the date of the issues being October 1865, while the consols of 1865, January and July, known as new sixty-fives, although the bonds bear on their face the date of July 1, 1865, were not issued until October, 1866. Therefore it follows that the five-twentieths of 1865, May and November, known as the old sixty-fives, being the first issued under the law, must be the first called in. The date given on the face of the bond is not to be taken as the date of issue, but the fact is established by the record of the department on application of the law.

From the San Francisco Bulletin of the 19 inst. we clip the following notice of an accomplished rogue who once figured in Los Angeles:

Frank Avalos was convicted in the Municipal Court yesterday morning of obtaining property by false pretenses. This man is a prince of confidence men. He first appeared in this city as a circus-rider, in 1856 or '57, and since then he has been engaged in crooked business. In 1856 he was convicted of obtaining property by false pretenses, and committed to the County Jail for two years. Just before his term expired he was released by executive clemency. He then went to Los Angeles, and under the name of G. H. G. Ross he was sentenced to the State Prison for ten years. Under the name of Durand, Hernandez, Avalos, Frankheim, Ross and Brazos he has frequently been sent to jail from the Municipal and Police Courts. It is said he has not lived outside of Prison eighteen months in the past eighteen years. He will appear for sentence on Saturday.

More Questions—Squirrels and the State University.

To Hon. John R. McConnell, Henry P. Hazard, Alexander Bailey, Fred Lombour, Esqs.

Assuming the right to interrogate legislative candidates, I ask:

1. Are you in favor of the adoption of an efficient general law for the destruction of squirrels?

2. Are you in favor of a law requiring practical education in the industries in the State University after the spirit of the plan contained in the "Hand-Book of the Kansas State Agricultural College,"—a copy of which book I leave with the editor for your use—or on a similar plan?

Are you in favor of establishing an industrial and theoretical branch of the University in Los Angeles county? Will you have the kindness to answer through the press or from the rostrum? Respectfully,

C. LINDLEY.

PARTICULAR NOTICE.—A paragraph appearing in the papers of Los Angeles on the 14th instant, to the effect that Mrs. L. A. Lee had died in Nevada and that her two children had arrived in this city, the undersigned is very anxious to learn of the truth of the above statement. Any information which will lead to this will be gratefully received by the father, whose attention has just been called to the above paragraph. Word may be left at the office of the Evening Express or at the United States Hotel.

NEW ADVERTISEMENTS.  
THE  
TRUST FUND  
Insurance Association  
—AND—  
GENERAL INSURANCE AGENCY,  
Will procure Life Insurance upon the  
Trust Fund Saving Deposit Sys-  
tem of Insurance,  
And any other plans now in use, and will  
transact, as Agents and Brokers,  
A GENERAL INSURANCE BUSINESS.  
A Policy of Life Insurance upon the TRUST  
FUND SYSTEM secures to the holder depos-  
its in a Savings Bank, in addition to Insur-  
ance, at the same rates charged by Mutual  
Life Insurance Companies for Insurance  
alone. This Association places its Life Risks  
in  
THE PACIFIC MUTUAL  
Life Insurance Company,  
OF CALIFORNIA.  
Assets, January 1, 1875, \$1,220,522 55  
Liabilities, January 1, 1875, 777,944 30  
Surplus as regards Policy Holders, \$442,578 25  
The Policy-Holder has the benefit of the  
protecting laws of California, enacted 1873-74.  
An insurance with an annual premium not  
exceeding \$50 is exempt from taxation, by a  
special Act of the Legislature of California  
(1868).  
An equitable "Cash Surrender Value" is  
guaranteed in its contract and by the laws of  
California, and for this reason its Policies can  
be used as collateral security for their cash  
surrender value, the same as any bond for a  
like amount, and can be converted into the  
cash value, as provided for in the Trust Fund  
Deposit Plan.  
Certificates of Trust Fund Deposits will, by  
special arrangements, be issued by the follow-  
ing Banks:  
Western Savings and Trust Co.,  
Of San Francisco, Cal.;  
TEMPLE & WORKMAN, BANKERS, Los  
Angeles;  
THE SANTA ROSA BANK, Santa Rosa and  
Ukiah;  
ODD FELLOWS' SAVINGS AND COMMER-  
CIAL BANK, of Sacramento;  
THE BANK OF LAKE, Lakeport, California;  
THE BANK OF HEALDSBURG, Healds-  
burg;  
THE BANK OF RIDEOUT & SMITH, Marys-  
ville;  
SAN JOSE SAVINGS BANK, San Jose.  
Reliable Agents wanted in every county of  
the States and Territories of the Pacific Coast.  
Apply, by letter or in person, to  
TRUST FUND INSURANCE ASSOCIATION  
And General Insurance Agency,  
No. 320 California St., San Francisco.  
Col. J. G. JEFFRIES and Mr. ROBERT  
CRAWFORD are now in this city for the pur-  
pose of introducing the Trust Fund plan of  
Insurance. Jy15-1m
